FOR GROWN-UPS

What this sheet practices

- The ? hides a number. Let's find it!
- Think: 3 and what make 7?
- 5 and 3 make 8.

REMEMBER IT

Count on from the part you know to the whole.

How to help

- Cover one number with your hand: "3 and something make 7. What's under my hand?" Count up from the number you can see.
- Do the lesson in the app first, then the sheet. Check it together with the answer key, and count out any answer that slipped with real things: buttons, pasta, fingers.
- The code 1234 is on the sheet and on its answer key, so the two pair up. New version deals new numbers.
