FOR GROWN-UPS

What this sheet practices

- Times 4 is double, then double again.
- 12 and 12 make 24.
- 16 and 16 make 32.

REMEMBER IT

Times 4: double, then double again.

How to help

- Build a new table from one they know: ×4 is double ×2, ×9 is ×10 take away one group. Say it out loud while counting by that number.
- Do the lesson in the app first, then the sheet. Check it together with the answer key, and count out any answer that slipped with real things: buttons, pasta, fingers.
- The code 1234 is on the sheet and on its answer key, so the two pair up. New version deals new numbers.
