Bass

For grown-ups

What this sheet practises

- The bass staff has ledger lines too. Count up from the top line, one step at a time.
- Below the staff, count down the same way: line, space, line.

How to help

Ask your child to say each note's name out loud before writing it. Counting lines and spaces up from a note they know (a landmark) is the trick that sticks.

Do the lesson in the app first, then the sheet. Check it together with the answer key, and play any note that slipped on a piano or in the app.
