

Key signatures

Treble · Worksheet 1234

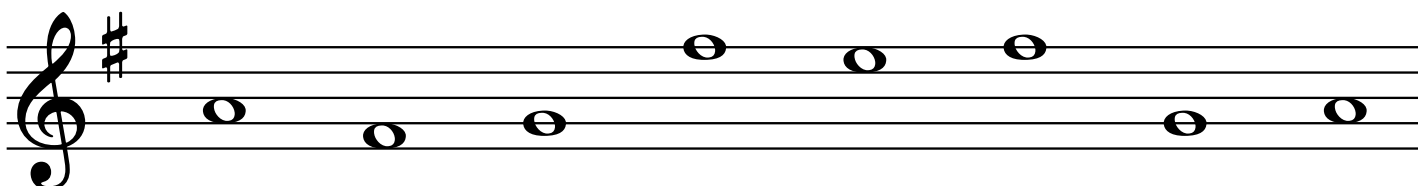

Name _____

Date _____

1 Look at the key signature, then write each note's name.

----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

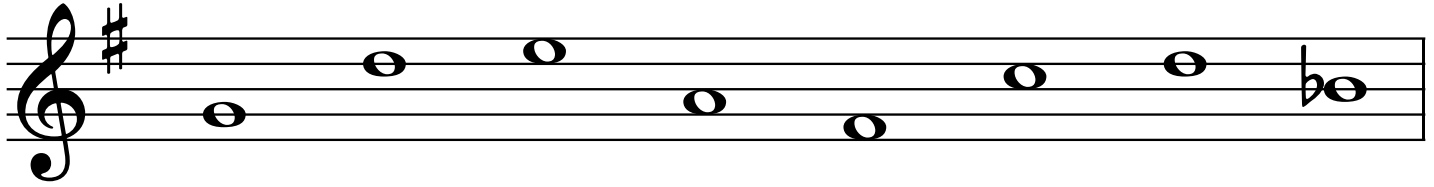

Key signatures

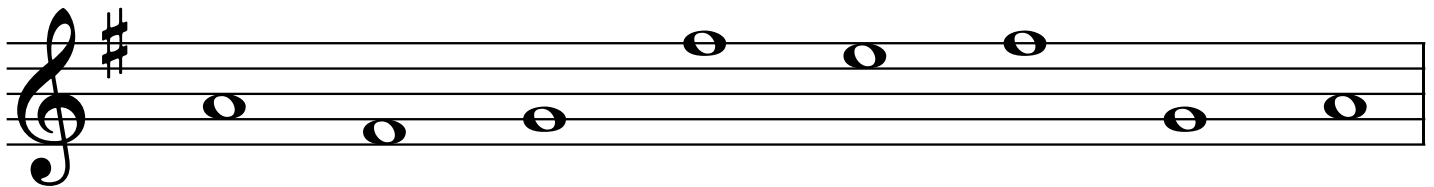

Treble · Worksheet 1234

Answer key

1 Look at the key signature, then write each note's name.

G D E A F C D B $\flat$

A F $\sharp$ G F $\sharp$ E F $\sharp$ G A

Key signatures

Treble

For grown-ups

What this sheet practises

- A sharp at the start is a key signature. It turns every F into F#.
- A flat at the start turns every B into B b.
- The key signature counts for the whole song, even when the note has no sign of its own.

How to help

Ask your child to say each note's name out loud before writing it. Counting lines and spaces up from a note they know (a landmark) is the trick that sticks.

Do the lesson in the app first, then the sheet. Check it together with the answer key, and play any note that slipped on a piano or in the app.

Practise it again in the app
