What this sheet practises

- A sharp sign makes F into F#: the black key just to the right.
- A sharp sits on the same line or space as its note.

How to help

Ask your child to say each note's name out loud before writing it. Counting lines and spaces up from a note they know (a landmark) is the trick that sticks.

Do the lesson in the app first, then the sheet. Check it together with the answer key, and play any note that slipped on a piano or in the app.
